DETAILED ACTION

Response to Amendment

Applicant's arguments filed 5/4/05 have been fully considered but they are not persuasive. The Amendment submitted by Applicant does not overcome the rejection made by Examiner in the last Office action.

Claims 1,5,11,13-15,20,22-24 and 28-32 are rejected under 35 U.S.C. 102(b or a) as being anticipated by WO 0141230 or Cao et al, both of record on 1449.

The rejection is maintained for the reasons as stated in the last Office action and for the following reasons:

Applicant's arguments are based on the claimed wt ratios, as amended, in order for the composition has a conductivity less than about 10^{-4} or 10^{-6} S/cm. (Claims 13-14)

Note that the references do disclose the PANI/PAAMPSA as the counterion and further blending with (PAM or PAS or combination thereof) to have the conductivity less than 10^{-5} or 10^{-6} S/cm (see Examples 12-13, Table 2), overlapped with those in the claims due to the claimed wt ratios must be considered inherent in the prior art.

Based on the composition and the claimed characteristics, the high resistance polyaniline is useful in high efficiency pixellated polymer electronic displays and is suitable for sonication treatment (See Specification and Examples).

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

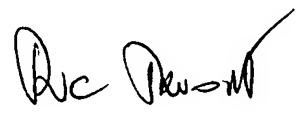

Art Unit: 1711

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
